

Support the Walk 2010

This newsletter usually asks you make one contact a month to policy-makers to protect innocent human lives. This month we ask you to support one of Texas Alliance for Life's most important fund-raising events of the year to fuel our legal research and legal defense efforts, the Walk 2010. When Planned Parenthood and other abortion providers attack Texas pro-life laws in the courts, Texas Alliance for Life is there to defend those pro-life laws, which can be very costly. We need your help to continue.

Please sign up to be a walker and raise pledges. Or make a pledge for one of the preregistered walkers. Visit www.TexasAllianceforLife.org today!
